Expenditure Guide by Source of Funds and Method  
University of South Florida Office of the Controller

Funding Sources	
Educational & General	Appropriations by the Florida Legislature used to support instruction and non-instructional activities, research, public service, academic administration, and Type I Centers.
Flat/Credit Hour Fees (i.e. A&S, Athletic)	Funds established to account for fees paid uniformly by all USF students. This category includes "flat" and "per credit hour" fees. (Examples include A&S, Athletic, Technology etc..)
Auxiliary Funds (0xxx)	
Business Activities	Funds established to account for Educational Business Activities that serve and promote the educational, research, and service activities of USF. Auxiliary enterprises funds operate under a "cash and budget" management basis in a manner similar to how you would run a small business.
Alternate Instruction	Funds established to account for self funded or market based instruction.
Concession	Concession funds are used to advance the academic mission of USF by supplementing State resources available for support of academic programs, faculty, staff, fellows, residents, students, and support activities of USF and its various organizations. The revenues are generated from vending machines, coin operated phones, etc.
Research Initiative Accounts	Moneys received for overhead or indirect costs. These funds are governed by Florida Statute 1004.22(5) which provides that the funds costs shall be applied to the cost of operating the division of sponsored research, and support other research or sponsored training programs in any area. These funds also include residuals from fixed-price contracts. Questions regarding the allowability of expenditures on RIA should be directed to the USF Research and Innovation.
Sponsored Awards	Sponsored awards use the "project" field of the chartfield to segregate accounting for competitively funded programs with external sponsors which carry individual spending restrictions. The projects use the "fund" field to designate the level of regulatory authority of the sponsor (20xxx = federal, 21xxx = state & local government, 22xxx = private). Questions regarding the allowability of specific expenditures should be directed to the Division of Sponsored Research.
Convenience	Funds established to account for activity funded by our Direct Support Organizations (USF Foundation, USF Alumni Association, USF Medical Services Support Corporation, Sun Dome, Inc., USF Research Foundation, USF Financing Corporation, USF Property Corporation, USF Health Professions Conferencing Corporation, University Medical Services Association). Allowability of expenditures is determined by the DSO.

Allowability clarification

- (1) Flat/credit hour fee, business activity, and alternate instruction expenditures must support program for which revenue is derived
- (2) Research initiative expenditures must support research.
- (3) Sponsored award expenditures must comply with sponsor guidelines and be program related and necessary. For 20xxx funds, Cost Accounting Standards exceptions are required for costs normally covered with F&A.
- (4) Convenience fund expenditures must comply with guidelines imposed by direct support organization funding source.
- (5) Carryforward can only be used for nonrecurring expenditures.
- (6) Must adhere to Payment Request Form and Employee Payment Form Guidelines.
- USFF - Expenditure is allowable with USF Foundation Funds only.
- UMSA - Expenditure is allowable with University Medical Services Association, Inc. only.
- Limited<sup>1</sup>: Payment allowable but requires review by University Procurement Services. A signed contract constitutes review and approval.
- Preferred<sup>1</sup>: Payment preferred but requires review by University Procurement Services.
- Limited<sup>2</sup>: Must have a valid IRB Letter.
