Operational Guidelines - Faculty Search and Start-up costs

#### Search Costs

- For tenured earning faculty searches, the College will provide \$3,000 in search costs.
- For non-tenured earning faculty searches, the College will provide \$2,000 in search costs.
- Funding will be a combination of E&G type and Foundation funds. We will want to minimize the use of Foundation funds as much as possible.

#### Start-up Costs

- The College will provide \$4,000 in start-up costs and up to \$2,000 for a computer through the computer refresh process.
